PRODUCT INFORMATION

Season Pass® Plus GoldStart is a high quality starter placed directly on or near the seed of your corn plant at a low volume rate. This provides more timely and hassle free plantings. It also delivers an 80/20 ratio of ortho-to-polyphosphate that your corn needs to maximize yields.

FEATURES

- A highly pure, clean, true solution
- 80/20 ratio ortho-to-polyphosphate with AVAIL technology
- Low-salt and non-corrosive formulation
- Designed for use in all liquid fertilizers and suspensions
- True N-P-K row starter
- Low application rate

BENEFITS

- Improves efficiency and yield potential
- Encourages fruit and seed formation
- Ability to lower moisture at harvest, reducing drying costs

FREQUENTLY ASKED QUESTIONS

Q: How much orthophosphate does Season Pass Plus GoldStart contain?
A: Season Pass Plus GoldStart is an 80/20 ratio of ortho-to-polyphosphate. This means most of the phosphorus is available to seedlings and root systems right away, even in cold and/or wet soil conditions.

Q: Can I mix liquid nitrogen with Season Pass Plus GoldStart to increase the nitrogen content?
A: No, do not add liquid nitrogen to Season Pass Plus GoldStart products or any product placed with the seed. The salt content will be too high and could damage the seed.

Q: What makes Season Pass Plus GoldStart so unique in the marketplace?
A: Season Pass Plus GoldStart has a blend of 80/20 ortho-to-polyphosphate, EDTA zinc, sulfur, and the phosphorus enhancing principles of AVAIL. With 5 gallons per acre on your corn, you will supply 10 pounds of protected phosphorus and 32 oz. of 9% EDTA chelated zinc.

GUARANTEED ANALYSIS

Total Nitrogen (N)...............................................................6.0%
4.3%...Ammoniacal Nitrogen
1.5%...Urea Nitrogen
0.2%...Other Water Soluble Nitrogen

Season Pass® Plus GoldStart is a high-quality starter placed directly on the seed of your corn plant at a low volume rate with a non-corrosive material. This provides more timely and hassle-free plantings. It also delivers an 80/20 ratio of ortho-to-polyphosphate fertilizer that your plant can use immediately. With five gallons of Season Pass Plus GoldStart, you will be placing 10 lbs. of phosphorus in your furrow, giving your plant a jump-start to feed the plant, maximizing corn yield.

**PRECAUTIONARY STATEMENTS:**
- Wear protective gloves and clothing
- Remove contaminated clothing and wash before re-use
- Do not breathe vapors/odors
- Seek medical attention if you feel unwell
- Wash thoroughly after handling
- If swallowed and unwell: seek medical attention
- If in eyes: Immediately flush with water for 15-20 minutes. Seek medical attention if irritation persists.
- If swallowed: Rinse mouth. Do not induce vomiting unless directed by a medical professional.

**FIRST AID MEASURES:**
- If inhaled: Remove to a fresh air and keep comfortable, seek medical attention if unwell.
- If in eyes: Wash affected area with soap and water. Seek medical attention if irritation persists.
- Wash contaminated clothing before re-use.
- If in the eyes: Immediately flush with water for 15-20 minutes. Seek medical attention if irritation persists.
- If swallowed: Rinse mouth. Do not induce vomiting unless directed by a medical professional.

**PRODUCT INFORMATION:**
- **Grade:** 6-18-6
- **Product Code:** 14241 Gold/12993 Green

| Total Nitrogen (N) | 6.0% |

**RECOMMENDED RATES:**
- Foliar Application: Fill spray tank with water prior to adding fertilizer or other products. Use only as a supplement to a regular nutrient management program.
- Soil Application: Apply in-furrow, 2x2, or at sidedress or topdress. Do not apply directly on the seed in saline, alkali, or coarse-textured soils.

**DIRECTIONS FOR USE:**
- Do not apply more than the recommended rate to any one area.
- Rinse all equipment used to handle fertilizers after each use.
- Do not allow to freeze.
- Always jar test for compatibility.
