PRODUCT INFORMATION
Season Pass® Premium is a high quality starter placed directly on or near the seed of your corn plant at a low volume rate. This provides more timely and hassle free plantings. It also delivers a 50/50 ratio of ortho-to-polyphosphate that your corn needs to maximize yields.

FEATURES
- A highly pure, clean, true solution
- 50/50 ratio ortho-to-polyphosphate with AVAIL technology
- Low-salt and non-corrosive formulation
- Designed for use in all liquid fertilizers and suspensions
- True N-P-K row starter
- Low application rate

BENEFITS
- Improves efficiency and yield potential
- Encourages fruit and seed formation
- Ability to lower moisture at harvest, reducing drying costs

FREQUENTLY ASKED QUESTIONS
Q: How much orthophosphate does Season Pass Premium contain?
A: Season Pass Premium is a 50/50 ratio of ortho-to-polyphosphate. This means half of the phosphorus is available right away to seedlings and young root systems, even in cold and/or wet soil conditions.

Q: Can I mix liquid nitrogen with Season Pass Premium to increase the nitrogen content?
A: No, do not add liquid nitrogen to Season Pass Premium products or any product placed with the seed. The salt content will be too high and could damage the seed.

Q: What makes Season Pass Premium so unique in the marketplace?
A: Season Pass Premium has a blend of 50/50 ortho-to-polyphosphate, EDTA zinc, sulfur, and the phosphorus enhancing principles of AVAIL. With 5 gallons per acre on your corn, you will supply 10 pounds of protected phosphorus and 9% EDTA chelated zinc.

Derived from phosphoric acid, ammonium, potassium hydroxide, urea, zinc EDA, ammonium thiosulfate.

---

**CAUTION**: This fertilizer contains zinc and should be used only as recommended. It may prove harmful when misused.

---

**PRODUCT INFORMATION**:

Season Pass® Premium is a high quality starter placed directly on the seed of your corn plant at a low volume rate with a non- corrosive material. This provides more timely and baseline-free plants/45-60 ratio of uric to polyphosphate fertilizer that your corn needs to maximize yields during this critical stage. With the products of Season Pass Premium, you will be placing 8 lbs of phosphorous in a form to build the plant, maximizing carry yield.

**DIRECTIONS FOR USE**:

- Use in accordance with recommendations of a qualified individual/institution. Do not mix with calcium based fertilizers.
- Do not apply in soils that fall within this group.

**Recommended Rates**: This product should be used on the basis of a soil analysis. Suggested application rates are for one growing season (gallons per acre) in the absence of soil and/or tissue analysis.

---

**PRECAUTIONARY STATEMENTS**:

- If eye or skin irritation continues: seek medical attention.
- If in eyes or on skin: rinse area with plenty of water, remove contact lenses before re-use.
- If swallowed: rinse mouth. DO NOT INDUCE VOMITING unless directed by a medical professional. Seek medical attention if unwell.
- Do not breathe vapors/mists.
- Do not allow to freeze. Always jar test for compatibility.
- If inhaled: Move to fresh air and keep comfortable, seek medical attention if unwell.
- If skin: Wash affected areas with soap and water. Seek medical attention if irritation persists.
- Wash contaminated clothing before re-use.
- If in the eyes: Immediately flush with water for 15-20 minutes. Seek medical attention if irritation persists.

**FIRST AID MEASURES**:

**WARNING**: MAY CAUSE SKIN AND EYE IRRITATION
